PROJECT

Johor STEM Hub Website – Team ChendAwan (Highlighted Project)

- Developed a fully responsive Laravel website showcasing STEM education resources.
- Integrated history, branch information, and educational content for enhanced user engagement.
- Optimized for performance, accessibility, and user experience.
- Collaborated with Johor State Education Department, demonstrating leadership in a real-world project.

CheckMySet – Smart Relation Property Checker – Team UiTM Jasin (Academic Project)

- Built an interactive web app to compute reflexive, symmetric, and transitive closures of relation sets.
- Designed a user-friendly interface with tutorials for learning complex concepts.
- Utilized HTML, CSS, JavaScript, deployed via GitHub Pages.
- Led the team, demonstrating project management, teamwork, and problem-solving skills.

E-Portfolio – Personal/Client Project

- Created a personal portfolio website highlighting skills and achievements.
- Ensured clean design, responsive layout, and easy navigation.
- Applied front-end skills including HTML, CSS, JavaScript.
- Showcased ability to manage end-to-end project independently.

Staff Movement Tracker – ICT Internship Project

- Developed software to track staff movement, improving office efficiency.
- Applied technical, networking, and problem-solving skills.
- Collaborated with team and supervisors, demonstrating teamwork and professional communication.
- Delivered a practical solution with measurable operational impact.

Web Development & Programming

- Laravel, PHP, HTML, CSS, JavaScript
- Responsive design, UI/UX implementation
- Front-end & basic back-end development

Cybersecurity & Technical Skills

- Ethical Hacking (CEH knowledge)
- Networking fundamentals, troubleshooting, system maintenance
- Software development & debugging
- Performance optimization & accessibility

Soft Skills

- Project management & team leadership
- Problem-solving & critical thinking
- Client communication & professional reporting

Tools & Platforms

- IDEs & Code Editors: VSCode, Sublime Text, PhpStorm
- Version Control & Deployment: Git, GitHub, GitHub Pages, FTP
- Local & Server Environments: Laragon, XAMPP, Hostinger VPS
- Other Tools: Figma, Canva, Chrome DevTools, Postman

Languages

- Malay – Native
- English – Fluent
- Arabic – Classroom Learning

CERTIFICATE

Networking & Cybersecurity

- CCNA: Introduction to Networks – Cisco
- Introduction to Cybersecurity – Cisco
- Ethical Hacker – Cisco
- Introduction to CIP (Critical Infrastructure Protection) – Opswat Academy

Web Development & Hosting

- HTML Essential - Cisco
- CSS Essential - Cisco
- JavaScript Essential 1 & 2 - Cisco
- Asas Pengendalian Pelayan Web – Tenang Komuniti Sdn. Bhd.

## RELEVANT COURSEWORK

---

### Programming & Web Development

- Java, Python, C++, VB.Net, HTML/CSS, JavaScript, PHP/SQL
- Website Development, Responsive Design, Front-end & basic Back-end development

### Computer Science & IT

- Databases, Software Development, Data Structures
- Cybersecurity, Networking Fundamentals, System Maintenance
- Ethical Hacking (CEH knowledge), Critical Infrastructure Protection

### Professional & Applied Skills

- Project Management, Corporate Ethics, Teamwork
- Public Speaking, Problem-solving, Technical Troubleshooting
